1759 ROWAN COUNTY TAX LIST

This tax list was found between the walls of the old court house by Wm. D. Kizziah, Register of Deeds. When found, it was but scraps of paper, but was fitted together and transcribed by him. This list was made before Rowan Co, NC was divided into other counties and is the oldest tax list ever found in Rowan (to my knowledge). It contains no figures and is not typed here as copied. I have put the "a's" together, the "b's together, etc. When a slave or negro is listed with another's name, I left those names as they appeared on the typed list. Some names in the "b's" were torn off or could not be read. They are listed at the end of this page. There is a copy of this list, as transcribed by Mr. Kizziah, in the Rowan County Library, Salisbury, NC.

Is this Robin? Robin prob. not his correct name.
Also called Rolin

Thomas Voyles

The must have been more children
than Rachel, Robin, + David - Yes!
Poss. children of Kentucky uncle Thomas
Maybe even cousins of N.C. families
came.

INDIANA 1860

South

Other early Klinker families
found in census.

KLINKER

1860 INDIANA

Harman F. Klinker 247 DuBois Ca. Age 21 Germany

DuBois County is West of Orange County and Orange County is next to Washington County. Lawrence County is just north of Orange County so all within close range of one another.

Harman or maybe Herman, would have been born in 1839 in Germany.

Henry Klinker 689 Lawrence Sh. Age 32 Germany

Henry would have been born in 1828 in Germany. This may not be my great-grandfather as he was supposed to have been born in 1836 and came to the US in 1870. *It is not.*

meaning that he would still be in Germany at the time of this census.

William Klinker 247 DuBois Ca. age 23 Germany

This William would have been born in 1837 in Germany.

There is also listed under #247 another William and Harman F., same age so would say there is a duplicate record of them.

These may possibly be brothers of our great-grandfather Henry Klinker and may have come to America a little earlier. Since he came to the same area you would guess that there was contact with family back home.

1850 INDIANA

William Klinker 240 Allen County Adams Township
27 b. 1823
Wilmena 27 b. 1823 Farmer

Louisa 3 yrs b. 1847
Frederick 3 months b. 1849/50

William + Wilmena born in Germany
children born in IN

1. The first part of the paper is devoted to the study of the properties of the function $f(x)$ defined by the equation

$$f(x) = \int_0^x \frac{1}{1+t^2} dt.$$

It is shown that the function $f(x)$ is continuous and differentiable on the interval $(-\infty, \infty)$.

2. In the second part of the paper, we consider the function $F(x)$ defined by the equation

$$F(x) = \int_0^x \frac{1}{1+t^2} dt.$$

It is shown that the function $F(x)$ is continuous and differentiable on the interval $(-\infty, \infty)$.

3. In the third part of the paper, we consider the function $G(x)$ defined by the equation

4. In the fourth part of the paper, we consider the function $H(x)$ defined by the equation

Henry (Henrich) Frederick (Frederich) Klinker born March 27, 1836, at
Westphalen, Germany.

married September 18, 1867

Mary Frances Lamping, dau. of Frederick and Lucy Lamping, born June 29,
1846, at Westphalen, Germany

Henry and Mary came to the United States on the LORD BALTIMORE about
1869, after the death of Lincoln.

Henry died in Indiana in 1929 and Mary died in Indiana in 1916.

Henry had 4 brothers some of whom may be in the US. Mary had one sister
who lived in Kentucky by the name of Amelia Rothschild.

Henry and Mary had 12 children, the first of which was born in Germany.

Mathematics

Chapter 1: Introduction to Mathematics

Mathematics is a branch of science that deals with the study of numbers, shapes, and patterns. It is a universal language that helps us understand the world around us. In this chapter, we will explore the basics of mathematics and its applications in various fields.

Topic	Definition	Example	Application
Number	A symbol or name that represents a quantity or value.	1, 2, 3, 4, 5	Counting objects, measuring length.
Shape	A two-dimensional figure with a definite form and outline.	Circle, square, triangle	Architecture, art, design.
Pattern	A regular or repeated sequence of shapes, figures, or numbers.	1, 2, 3, 4, 5; 1, 4, 9, 16, 25	Identifying trends, solving problems.
Measurement	The process of determining the size, length, or amount of something.	Length, weight, area	Engineering, science, everyday life.
Geometry	The study of shapes, sizes, and positions of objects.	Points, lines, angles	Architecture, art, design.
Algebra	The study of mathematical symbols and the rules for manipulating them.	Equations, inequalities	Solving problems, modeling real-world situations.
Calculus	The study of continuous change, including the concepts of limits, derivatives, and integrals.	Derivatives, integrals	Physics, engineering, economics.
Statistics	The study of data collection, analysis, and interpretation.	Mean, median, mode	Business, social sciences, healthcare.
Probability	The study of the likelihood of events occurring.	Chance, risk	Gaming, insurance, finance.
Trigonometry	The study of the relationships between the sides and angles of triangles.	Sine, cosine, tangent	Navigation, astronomy, engineering.
Mathematical Induction	A method of proving mathematical statements by showing they are true for a base case and then assuming they are true for a general case.	Proving statements about natural numbers	Number theory, combinatorics.

Peter had Alex b. 1836 - Harrison Co.

Note L. D. on WASH. Co. Map - but too early for this one.
 Was there an earlier Lorenzo Dow? 1860-1878?

The census says that on April 1, 1935 Lewis and Hattie were living in "the same place". However, there is an R. listed in the column. They were not living in the same house, but would have been living on the farm which is probably a rural route address of Monroeville. It says place, not house. And perhaps the "R" means rural route. About that I am not sure, but they did not move to Monroeville town until about 1939. There apparently was no street address given. They owned their home.

The Bauserman family was living on the south side of them.
The Daugherty family on the north side of them.

Though we have Shaffer relation, I do not know who Wilbur and Minnie are who live a house away from my grandparents.

I vaguely remember going to Harry's a few times in Edgerton. Seemed it was a little place at a jog in the road on the Indiana/Ohio line. As a little girl I was always afraid of Uncle Harry. Not sure why, but I was. We never really saw a lot of them except for Christmas at Grandma Klinker's house in Monroeville. Not until later years and after I was married did we get more acquainted with the family. Darrell went off to be in the Army and he made it a career. Both Roger and Major were in the Navy during WWII. Finally became more acquainted with Roger's daughter Debbie as we both had similar interests in family history and crafts. Our girls also did some clothing and modeling projects at Montgomery Wards where Roger's daughter, Angela, was also modeling. It may have had to do with a 4-H project, but am not sure at the present time.

At this time Ralph was living on the Klinker farm about 3 miles south of Monroeville. It still belonged to Grandpa and Grandma Klinker and did until she passed away in 1969. Lena was Ralph's second wife. His first wife was Mary Anderson and she passed away when Louise was just 4 years old. The farm they lived on was probably the farm listed above in Adams County. We did go to stay the summer that year after Mary died. My dad was still working in Fort Wayne and drove to work every day. We stayed at the farm to help out and help take care of Louise who was my age. Have recorded memories of that stay elsewhere.
